

Kavita Singh

 +91-9479106584 |  singh.kavitamail@gmail.com |  Raipur, India

PROFILE SUMMARY

Experienced IT professional with 9+ years in software development, IT consulting, and academic research. Adept in full-stack web development, algorithm design, and system architecture. Holds a Ph.D. in Computer Science with specialization in metaheuristic techniques for solving NP-Hard problems. Proven ability to deliver scalable, high-performance solutions for government and enterprise systems, with a strong focus on digital transformation and technical innovation.

TECHNICAL SKILLS

- Languages: JavaScript, TypeScript, C, PHP, R, SQL
- Frontend: Angular, HTML5, CSS3, Bootstrap
- Backend: Node.js, Express.js, ASP.NET
- Databases: MariaDB, MySQL, Oracle 10g
- Tools & DevOps: Git, NGINX, Linux, Visual Studio, Postman
- Research & Data Analysis: Metaheuristics, R, Optimization Algorithms, Python
- Other: REST APIs, e-Governance, Project Lifecycle Management

PROFESSIONAL EXPERIENCE

IT Consultant, Ernst & Young (EY), India | July 2023 – Present

- Developed full-stack web applications and dashboards to support government initiatives under Rajya NITI Aayog Chhattisgarh.
- Developed the Sustainable Development Goals (SDG) Dashboard using Angular, Node.js, MariaDB, and NGINX for real-time data visualization.
- Created platforms including the Novenmesh Portal and Viksit Chhattisgarh Portal to improve governance and public services.
- Implemented CI/CD pipelines and maintained source code management using GitSoftware.

Developer, Chhattisgarh Infotech Promotion Society (CHiPS) | 2021 – July 2023

- Delivered web solutions for government initiatives using Angular, Node.js, and MariaDB.
- Led development of the Right of Way Portal and Rajeev Yuva Mitaan Club Scheme Portal.
- Directed development of the CG-STATE Portal and managed version control and deployment processes.

Project Staff (Research Associate), NIT Raipur | 2017 – 2019

- Contributed to DST-SERB funded research in metaheuristics for NP-Hard problems.

- Developed heuristic and hybrid optimization algorithms using C and Linux.
- Used R for data analysis and performance evaluation.

Programmer, National Informatics Centre (NIC), Govt. of India | 2012 – 2015

- Built and maintained e-Governance website using ASP.NET and Oracle.
- Key projects: e-Bill System and State Finance Commission Portal.

EDUCATION

- Ph.D. (Computer Science), NIT Raipur | NIT Raipur | NA
- M.C.A., Pt. Ravishankar Shukla University, Raipur | 82.07% (Gold Medallist)
- B.C.A., Technical Education & Research Institute, Ghazipur | 79.7%

RESEARCH & PUBLICATIONS

Ph.D. Research Focus: Metaheuristic algorithms for NP-Hard combinatorial optimization problems.

Key Publications:

- Two heuristics for the Dominating Tree Problem – Applied Intelligence, Springer.
- Artificial Bee Colony Algorithm with problem-specific strategies – Applied Soft Computing, Elsevier.
- Hybrid Genetic Algorithm for the Maximally Diverse Grouping Problem – IJMLC, Springer.
- Hybrid Genetic Algorithm for Min-Degree Constrained MST – EJOR, Elsevier.
- Genetic Algorithm for Degree-Constrained MST – Soft Computing, Springer.
- ABC Algorithm for Bounded Diameter MST – Soft Computing, Springer.

Conferences:

- ISMSI 2018, Phuket, Thailand
- SoCTA 2017, Jhansi, India
- ICCI 2017, IIT Kanpur, India

AWARDS & HONORS

- Post-Doctoral Fellowship – IFSTTAR Lab, Lille, France (2019)
- Junior Research Fellowship – DST-SERB, Govt. of India (2017)
- Gold Medalist – M.C.A., Pt. Ravishankar Shukla University

PERSONAL DETAILS

- Father's Name: Krishna Kumar Singh
- Gender: Female
- Nationality: Indian
- Address: House No. 23, ShreeJi Dwarika Colony, Amlihdih, Raipur, Chhattisgarh, India
